White Plains, NY

Childhood Obesity Forum

Stop&Shop White Plains

154 Westchester Avenue
White Plains, NY 10501 USA

Website: www.foodbankforwestchester.org

The five panelists are area experts in their fields and will openly address the issue of childhood obesity. A 2007 childhood obesity study by the Westchester County Department of Health revealed that 34 percent of kindergarten, second grade and fourth grade children in surveyed Westchester schools are overweight or at risk of becoming overweight. This compares with a national average of 32.2 percent and a New York State average of around 25 percent. This alarming epidemic is jeopardizing the future health of our citizens. This event is free and open to the public.
